THE REPUBLICAN STATE TICKET AND PLATFORM.

The Republican State Convention has done its work and done it well. It has presented to the people a ticket and platform upon which every Republican can heartily unite The platform is fully up to the requirements of the times, and just such a platform as the people have been wanting for many years. There is no uncertain ring about it; every note sounds sharp and clear. It is written in such plain English that there can be but one construction. In short the party reaffirms the cardinal doctrines, and upon State matters declares that there shall be no repeal or modification of the bullion tax law; declares that if a Republican Legislature is elected there shall be legislation upon Chinese Must Go;" and, generally, places the party in full accord with glorious declaration of principles, and the character of the men nomi nated is the best evidence that it will be lived up to in its entirety.

NOMINEE FOR CONGRESS.

R M Daggett is the nominee for Congress. Probably no man in the State is so well known as Daggett. His name is inseparable from the Enterprise. He is acknowledged the best newspaper, writer on the coast. He is a man among men, a giant in intellect, sharp in debate, has a great warm heart, and as a Republican stands at the head of the list. No man is entitled to more from the people of this State. He would be a representative of the whole State. No corporation collar covers his neck, nobody can justly claim him for their own man. He does his own Judge; no money can buy him; no thinking, his own talking, and Right corporation can influence him; a is always uppermost in his mind. It credit to the Bench and a man whom is of vast importance to the country to remove would be a public calamthat men of Daggett's stamp should ity. Irrespective of party every voter be in Congress. The Nation will be safe with men of his class. We have majority should be as large as possi-

GOVERNOR KINKEAD.

We call bim Governor, for John H. Kinkead is certain to be at the head of Executive affairs of this State for the next four years; possibly eight. A man of solid worth and integrity; a plebeian, yet bright in all the attributes that endear him to all; honest and capable; warm-hearted and generous to a fault; true to his friends; a pioneer of the country; a laboring man; one who believes that Laboring man; one who believes that the control of tors in a hospitable manner; fully slive to the wants of the masses and determined to protect them; a man without money, in fact poor in this world's goods, yet rich in mind and DISTRICT JUDGE: SECOND JUDICIAL heart, rich in honesty and integrity. No Republican should fail to vote for him: many Democrats have too much sense to vote against him.

LIEUTENANT GOVERNOB. Harry R. Mighels, editor of the Carson Appeal, the nomines of the party for Lieutenant Governor, also deserves well of his party, the people and his country. He was a soldier when soldiers were needed, and when not serving in that capacity, has aided his country with his pen, and Sword." His experience as Speaker of the Assembly eminently qualifies him to act as President of the Senate. CONTROLLER.

J. F. Hallock, of Pioche, will be the next Controller of State. He is thoroughly qualified for the position; his friends declare him a ripe scholer, a true gentleman, and a man certain to be foremost in protecting and be one, there should be no further complaint looking after the interests of the State. should we fall to do so. Not alone party, not

nomineo for the important position, DALLY NEVADA STATE JOURNAL nominee for the important position of Secretary of State. Mr. Babcock is an accommodating gentleman, and it would be a pleasure to do business with him. Though the office is mostly a clerical one, yet connected to it are important duties which demand that the position shall be filled by one who is fully capable. Bab-

cock is the man. STATE TREASURER. L. L. Crockett, of Reno, is the nominee for Sinte Treasurer. The Convention has our thanks for this compliment. Mr. Crockett is a strong man for the position. He is not only a strong man but a good man, and he will have no trouble in giving the necessary bond, even though a million dollars should be required. Mr. Crockett bas been identified with the State from its infancy; has held many positions of public and private trust, and has a record second to no other man in the State. We wouch for him as being as good a custodian of the Treasury as could be selected, and we hope his majority will be

ATTORNEY GENERAL.

M A. Murphy, of Aurora, for Attorney General, is warmly endorsed for the position by Judge Hawley and Judge Whitman, a recommendation sufficient to cause all to vote for him. Mr. Murphy has been in Esmeralda since 1863, where he has built up an extensive practice. SURVEYOR GENERAL.

We again thank the Convention for the complement paid Reno and Washoe county in the nomination of A. J. Hatch for Surveyor General. Mr. Hatch, we guess, has been a surveyor ever since he was able to carry a chain and handle a compass. For fares and freights; declares that "The many years he has been Co. Surveyor here, and a U. S. Mineral Deputy, and in that position he surveyed a the wants of the people. It is a majority of the lands in this State. His fitness for the position must therefore be conseded.

SUPREME COURT CLERK.

The Convention paid O. F. Bicknell the compliment of a renomination. During his present term Mr. Bicknell has shown that he was the right man in the right place. As everybody concurs in this opinion. the Democratic candidate will find That a convention for the purpose of no that the campaign will proceed as Rono Opera House at Rono, Nevada, on the usual should he choose to remain at home.

SUPREME' JUDGE. Hon. Thos. P. Hawley, the present Chief Jestice of our Supreme Court, was complimented with the nomination by acciamation. If there is one man above another who is the people's candidate that man is Tom Hawley. A pure man and incorruptible

in the State should vote to retain him on the Banch. Our Indiciary should no doubt of his election, but the be kept pure, and when we have a be kept pure, and when we have a Judge like Hawley it should be our cinct in Washee county shall select their detegates to the County Convention on first duty to keep him on the Bench. Reno, Sept. 5, 1878. the State credit.

Thus the Republicans have presented to the people a list of candidates selected with regard to peculiar Convention we do not doubt; neither do we doubt that the best interests of the State will be subserved thereby.

DISTRICT.

Charles S. Varian is the Republican candidate for Judge of the 2d Judicial District, composed of the counties of Washoe, Ormsby and Douglas. Mr. Varian is one of the very best lawyers in the district, and is warmly endorsed by the Bar for the position of District Judge. We believe that he would make a good Judge, discharging the duties of the position with fidelity to the true interests of litigants, studying carefully the rights of all, being only actuated by a desire to make a record for himself as a Judge and a man which shall last for all time. This is the more natural for the reason that he is a young man and has the world before him; hence his future "The Pen is mightier than the is entirely of his own making His mind is too evenly balanced to intentionally cause him to make any mistakes. There is no question of his trict, and his position of U.S. District Attorney of Nevada is sufficient recommendation. His in terests are all here in Washine county, and his election as Judge will be a great convenience to this people and the Bar of Washos county. The complaint has been often made that on account of the Judge living in another county, the interests of Washon have been often neglected. Now that we have a chance to remedy this evil. if it alone pride of county, not alone personal, but

REPUBLICAN PLATFORM. Adopted at Euroka. Sept. 18th, 1975.

Resolved. That we reaffirm the principles of and renew our allegiance to the party which pre served the Union, freed the slaves and main tained the essential doctrine; that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national govern rents should give ample and complete protect tion to its citizens, both at home and abroad that against the assaults of traitors and rebels the Republican party has preserved these govern ments, and the Republicans of Nevada now de mand that every qualified elector in every State in every State South and North—Democrat or itemblican, black or white, shall be permitted undisturbed by force and unawed by fear, to vote at all elections at the places prescribed by law and that every vote so cast shall be honestly counted, and that every person chosen by such vota... to say office, shall be freely induced into it and effectively supported in the discharge o its duties, that the permanent pacification of the Southern section of the Union, and complete protection of all its citizens in all their civil, politi cal, personal and property rights, is the duty to which the Republican party stands secredly piedged. In order to rede m this pledge, it placed the recent amendments in the Constitution, and upon the right ous basis of said amend ments it will go forward in the work of pacification, until peace shall come through right doing and contentment through justice. That the evid at pursone of the Democratic parts, if i should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already or sented to Congress or awaiting : avorable moment for presentation, makes it doubly important, now that the Sanate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican con-

That the Republican party favorsand demands at the hands of the State Legislature

legislation having in view the regulation and equalization of freights and fares on the railreads within this State Resolved, That in their shameless disregard of gard of our avowed principles the Democratic party of this State in their namistakable purpose

a nominate the present incombent of the gaber natorial office for a third term, have brought npon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party. Resolved. That we believe in the doctrine of retation in office, and that so believing we are or-

posed to the nomination of candidates to office inder the State Government for a third term. ation of ally, r as a step toward our emancies tion from the grasp of the corrupt morey rings of Europe and America, and we ask Congress to complete he measure of our redemption by according to allyer unrestrained coinage. Resolved. That in the legislation of the Porty-

fifth Congress nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage o the country Resolved. That there should be retrenchment in the public service, that men elected to office

should be qualified by education, intelligence and business habits to perform the duties of the ir respective offices; and that the system of deputyships and chrkships at present (xisting in the interest of State officers should by abolished at once and forever. Resolved. That public lands are the property

the people, and therefore they should be reserved for actual settlers, mided in their settlement by the Government and protected in their posses sions by just laws. Resolved, That we recognize the wisdom of the

framers of our Constitution in providing for the taxation of the proceeds of the mines, that 811 taxes should be equal and uniform; that the pres ent system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property within this State pay much less than its propor tion, that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administer-d; that the present rate of assessment o decreased so as to produc only such a sum as is absolutely required to pay the expenses of the State, at the same time hav ing due regard to the surplus of funds already in

the Treasury. Resolved. That we refer with pride to the record of the Repub lean party in Congress, where, in spite of the assaults of a matigment and unseru pulous opposition, not one stain of dishone res's, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its prin-

ciples Resolved, That labor in itself recognizes the Republican party as its exponent, demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-

being of Bociety.

Resolved. That the General Government should mmediately take such stops as to absolutely stop further implimation of Asiatics to our coun try; and that such just and peaceful messures hould be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the carllest practical moment Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by noneyed rings or corporations, or the representatives of aggregated wealth or capital: that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States; that the principle and practice are fraught with dinger to our republican form of government, and should be frowned lown and resisted by every individual who has at heart the welfare of Am-rican institutions and

the freedom of the masses. Resolved. That we are unafferably opposed to the diversion of any moneys raised by the taxa tion of the whole people to the use or benefit of any sect or religious denomination. Resolved, That we solemnly declare it to be the

centiment of the Republican party that the breach of a pledge given to a numinating conven tion by a successful candidate for office is mor lisgraceful and dishonorable than the violation of any private trust or duty can possibly be Resolved, That to promote the advancement of education and morals, to stimulate a true and

sensificient culightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borns and generously dishursed in behalf of our admirable system of public schools; to maintain the Union and proteet its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our sets and purposes, is the im and mission of the Republican party here and elsewhere; and, first of all, to do that which best for the preservation and perpetua ion of that party and its principles, holding all men's taling and aspirations secondary to these high claims and ends; these are our duties, and these the intentions we do most strengoutly maintain
